The Missouri Department of Corrections Department Overview

The mission of the Missouri Department of Corrections is to supervise and provide rehabilitative services to adult offenders in correctional institutions and Missouri communities to enhance public safety. The Department has over 11,000 corrections professionals working in 4 divisions and the Office of the Director.

The Office of the Director coordinates the internal activities of all the divisions and liaisons with all external stakeholders such as the press, public and elected officials. The Office of the Director contains the Budget and Research Unit, the Grants Management Unit, the Workplace Violence Coordinator, the Victim's Services Unit, the Reentry/Women's Offender Program, Restorative Justice Coordinator, the Inspector General, the Office of the General Counsel, the Public Information Office and the Legislative and Constituent Services Office.

The Division of Human Services (DHS) functions as the administrative division for the Department and contains the following support activities: the Human Resources Section, the Fiscal Management Unit, the Training Academy, the General Services Section, the Religious/Spiritual Services Section, the Volunteer/Intern Section, the Planning Section and the Employee Health and Safety Section.

The Division of Adult Institutions (DAI) operates 21 adult correctional facilities which are responsible for ensuring offenders sentenced to the Department's custody are confined in a safe, secure and humane manner and have access to programs and services to assist them in becoming productive citizens. The Division also operates the Central Transfer Authority which is responsible for reviewing and evaluating all offender classifications and transfers between institutions; the Central Transportation Unit which is responsible for the transportation of offenders across the state and country; and the Certified Grievance Unit which is responsible for addressing offender grievances appeals.

The Division of Offender Rehabilitative Services (DORS) is responsible to provide programs and services to assist offenders in becoming productive citizens upon release from prison. Such programs include Reception and Diagnostic Center Assessment, Adult Education, Library Services, Long-term and Short-term Substance Abuse Treatment, Offender and Staff Drug Testing, Offender Health Care (Medical and Mental Health), Specialized Mental Health Units, Sexual Offender Assessment and Treatment, Work-based Education and the Missouri Vocational Enterprises.

The Division of Probation and Parole, supervised by the Board of Probation and Parole, operates 56 field district offices, eight (8) field satellite offices, 19 institutional parole offices, seven (7) Community Supervision Centers and two (2) Community Release Centers in order to supervise offenders sentenced to a term of probation by the courts or released from incarceration on parole by the Board. They monitor offenders through direct supervision, which may include the use of Residential Facilities and the Electronic Monitoring Program. The agency also provides supervision support through community substance abuse and mental health treatment services for offenders in under-served areas of the state.

2. CORE DESCRIPTION

The Missouri Department of Corrections is committed to the philosophy of improving offenders' transition from prison to the community through implementation of the Missouri Reentry Process (MRP). This involves collaborative efforts with other state agencies and community organizations to identify and manage the factors contributing to the health, safety and prosperity of Missouri communities. Improved public safety requires a comprehensive effort between the Department of Corrections, the state's criminal justice system (including the courts, state and local law enforcement), our communities and the General Assembly to effectively manage every offender sentenced to be supervised by the Department. To carry out our part of this collaboration, the Department of Corrections manages risk to the community by assigning offenders along its continuum of supervision strategies in the field and our facilities. Offenders under community supervision are continuously assessed for their risk to re-offend. Offenders sentenced to confinement are secured in institutions whose operations are safe, constitutional and humane. Incarcerated offenders are required to prepare for reentry by successfully meeting expectations for restitution, education, work and treatment. The Director of the Department of Corrections is charged with shaping legislation as well as formulating policy and procedures for effective and efficient implementation of goals and objectives that improve public safety. To apply these pre-release and reentry-oriented policies and procedures to the offender population, the Office of Director directs and coordinates the actions of the Department's four divisions: Human Services, Adult Institutions, Offender Rehabilitative Services and Probation and Parole.

2. CORE DESCRIPTION (continued)

The Office of the Director is also responsible for providing some family support services for children of incarcerated parents. This includes mentoring services offered through the AMACHI Program developed by the Big Brothers/Big Sisters organization. All incarcerated offenders are eligible to refer their children to this program to address issues they may face during their parent's incarceration. The AMACHI Program evaluates attendance at school, behavioral issues and school grades. They also provide a mentor for the child during their parent's incarceration. Reentry issues are also addressed to prepare the parent and child for reunification. These funds were originally in the Department of Social Services core budget and were transferred to the Department of Corrections in the FY10 budget.

NOTES:

FY11:

In FY11 the Budget and Research Section (14.00 FTE) and Workplace Violence Coordinator (1.00 FTE) were reallocated to the Office of the Director from the Division of Human Services.

FY10:

In FY10 flexibility was utilized throughout the Department in order to meet personal service and expenditure obligations. The Office of the Director received \$234,420 from other GR appropriations. Unspent Federal funds are for AMACHI which is funded through Title IV B and spent by the Department of Social Services.

FY08:

The General Revenue lapse in this appropriation was due to the reallocation of the phone monitoring function (20 FTE) from the Division of Adult Institutions to the Inspector General's office in the Office of the Director. In the process, the positions were upgraded from Corrections Officer I's to Investigator I's and the positions were vacated and had to be rehired. Going through the hiring processes and finding qualified staff took time that kept the positions vacant and accounted for the lapsed funds.

1. What does this program do?

The Missouri Reentry Process is a collaboration between the Department of Corrections, the Federal government, several Missouri state agencies and many community stakeholders to improve the rate of success for offenders returning to the community and thereby improve public safety. This process coordinates the efforts of the State and the community to successfully transition offenders from prison and ensure that they are released to the community with appropriate substance abuse treatment, mental health treatment services, housing, job training and placement services. The process targets the approximately 18,000 offenders per year who return to Missouri communities following a period of confinement in a State correctional institution.

1. What does this program do?

This program encourages offenders to reflect on the harm caused by their criminal activity and to make restoration to victims, the community and their families. The Restorative Justice core functions are reparative activities and the Impact on Crime on Victim Classes (ICVC). Offenders perform activities such as raising vegetables and fruits for local food banks, assembling personal transportation vehicles for individuals who have lost their legs due to disease, crime or landmines throughout the world and raising funds for local charities through recycling efforts. Reparative boards are comprised of citizens from the community who are specially trained by department staff. They meet with offenders concerning their behavior under supervision. They provide the courts with an assessment of offender needs and recommend how the offender can best repair the damage they have done to the community.

1. What does this program do?

The Office of Victim Services was established to provide accurate and timely information to Missouri crime victims. This includes providing notification to victims of crime in accordance with RSMo. 595.209. Information is also provided to victims about the correctional process to enhance their understanding and participation in the process. Victim Services staff advocate on behalf of victims who are experiencing harassment from offenders or who have concerns about release dates, home plans or other issues. If a victim requests it, staff will also accompany them to parole hearings. Additionally, the Victim Service Coordinator provides support to family members of homicide victims who choose to witness an execution before, during and after the execution.

2. CORE DESCRIPTION

Department

Corrections

This core provides funding for offender reentry services in the Department of Corrections. Ninety-seven percent of all incarcerated offenders will eventually be released to Missouri communities following a period of confinement. The Department works with the federal government, several Missouri state agencies and many community stakeholders to improve the rate of success for offenders returning to the community, thereby improving public safety. This funding works to ensure that offenders are released to the community with appropriate substance abuse treatment, mental health treatment services and housing as well as job training and placement services.

Governor Jay Nixon signed Executive Order 09-16 on March 26, 2009 establishing a permanent interagency steering team for the Missouri Reentry Process. The Department of Corrections leads the initiative to pool resources and address the critical issue of offenders returning to the community after release from prison.

1. What does this program do?

The Missouri Reentry Process is a collaboration between the Department of Corrections, the Federal government, several Missouri state agencies and many community stakeholders to improve the rate of success for offenders returning to the community and thereby improve public safety. This process coordinates the efforts of the State and the community to successfully transition offenders from prison and ensure that they are released to the community with appropriate substance abuse treatment, mental health treatment services, housing, job training and placement services. The process targets the approximately 18,000 offenders per year who return to Missouri communities following a period of confinement in a State correctional institution.

- 2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

1. What does this program do?

The KC Reentry Program is a new program in starting FY11. This program will enhance the Department's ability to accomplish the mission of the Missouri Reentry Process. The KC Reentry program will provide post release wrap around services to offenders on probation or parole supervision in Kansas City, Jackson County area. Participants will be identified by their Probation/Parole Officers as having a high risk for revocation. The contractor will provide needed services to assist offenders and family members in successful reentry. These services may include but are not limited to: housing, employment activities, transportation, clothing, health services, education services, personal identification, etc.

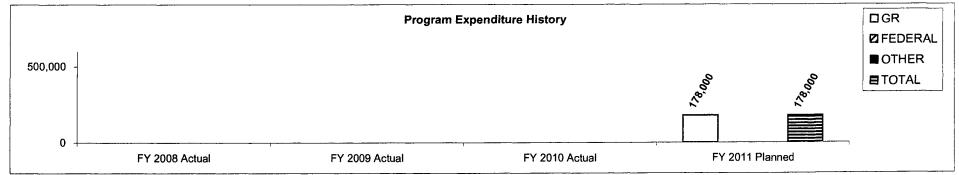

- 2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.) Chapter 217.020 RSMo. Executive Order 09-16.

1. What does this program do?

This section was established and these funds appropriated to the Department during the 2006 Legislative session in order for the Department to assist the City of St. Louis with reentry-related issues. These reentry-related issues include homelessness, substance abuse, job placement services, academic and vocational education and mental health issues. The Department contracts with a non-profit agency in St. Louis to provide services to offenders who have been released from prison and are returning to the City of St. Louis. In addition, all offenders eligible for services provided by these funds were released from incarceration having completed their entire sentence and are no longer under the supervision of the Department of Corrections.

This program was established as a pilot and has been funded with one-time funds in FY08 and FY09. This program was funded with federal stabilization funds in FY10. This program was not funded in FY11.

- 2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)
 Chapter 217.020 RSMo. Executive Order 09-16
- 3. Are there federal matching requirements? If yes, please explain.

2. CORE DESCRIPTION

Department

Corrections

The Department of Corrections requires spending authority to seek, accept and expend funds from Federal and other authorized sources. Funds are used for a variety of purposes, including education, substance abuse services, assessment and testing, offender reentry programs and information systems enhancements. The Department utilizes federal grants to assist in the following areas: Special Education; Carl Perkins grants; Title I thru Title V Education grants; the Residential Substance Abuse Treatment Program (RSAT); the Prisoner Reentry Initiative (PRI); Grants to States for Workplace and Community Transition Training for Incarcerated Individuals; and many others.

This request also provides spending authority to accept cash donations for a Foster Dog Program within the state's correctional centers. Offenders within the institutions will host dogs from local animal shelters and train them, to improve the dog's adoptability within the local community. This program will be similar to the CHAMPS program at the Women's Eastern Reception and Diagnostic Correctional Center.

The program creates a partnership between a participating correctional facility and a local community animal shelter. The Foster Dog Program will operate at no cost to the State or the Department, although the Department will be seeking donations to help care for the animals. Veterinary services will be provided by the partnering agency. Animals will remain in the program approximately 8-10 weeks, but under no circumstances longer than 6 months. Offenders will be screened and have to meet eligibility requirements to participate in the program. Upon completion of the program, the dogs will be returned to the partnering agency for adoption. There are currently eight institutions participating in the program: Missouri Eastern Correctional Center, Jefferson City Correctional Center, South Central Correctional Center, Crossroads Correctional Center, Eastern Reception and Diagnostic Correctional Center, Farmington Correctional Center, Western Missouri Correctional Center and Western Reception and Diagnostic Correctional Center.

2. CORE DESCRIPTION (continued)

This program has several benefits. It saves dogs from euthanasia because the offenders make the dogs more adoptable. The program also teaches offenders responsibility and requires impeccable high standards of behavior during their incarceration in order to be eligible to participate in the program.

1. What does this program do?

The Missouri Reentry Process is a collaboration between the Department of Corrections, the Federal government, several Missouri state agencies and many community stakeholders to improve the rate of success for offenders returning to the community and thereby improve public safety. This process coordinates the efforts of the State and the community to successfully transition offenders from prison and ensure that they are released to the community with appropriate substance abuse treatment, mental health treatment services, housing, job training and placement services. The process targets the approximately 18,000 offenders per year who return to Missouri communities following a period of confinement in a State correctional institution.

1. What does this program do?

This program provides appropriate treatment for offenders with drug-related offenses and substance abuse histories. The Department has established a continuum of care with a range of evidence-based services that include: diagnostic center screening; clinical assessment and classification; institutional substance abuse treatment services; intake, assessment and relapse and education services at Transitional Housing Units located at Moberly Correctional Center and Eastern Reception and Diagnostic Correctional Center; assessment and substance abuse education services for offenders referred to the Prisoner Reentry program; and case management and referral services for offenders in treatment programs whose release to the community is pending. Additionally, the Department of Corrections provides contract oversight and quality assurance monitoring for institutional programs, as well as program research and evaluation. Finally, Substance Abuse Services works in a close partnership with the Department of Mental Health Division of Alcohol and Drug Abuse to facilitate timely continuing care when offenders are released from prison to Probation or Parole supervision.

1. What does this program do?

Through a combination of state-operated, interagency agreement and outsource services, the Department provides qualified educators to conduct institution-based education programs for offenders. Incarcerated offenders without a verified high school graduation diploma or General Education Development (GED) Certificate are required to enroll in academic education. The Department continuously assesses the educational needs of inmates from intake through release to the community. Contracts for post-secondary educational opportunities are available to qualified incarcerated individuals at many correctional centers across the state through the use of federal grant funds. Libraries at every correctional institution enhance academic education and serve the informational needs of offenders, including constitutionally mandated "access to courts" through legal resources and reference and self-improvement materials. Offenders who have obtained a high school diploma or equivalent may apply for admission to post-secondary work related skills training. The Department provides continuity in education by offering training that prepares offenders for employment after release and connects offender training to interview and placement in department job assignments in Missouri Vocational Enterprises industries and institutional jobs.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Chapter 217.355 RSMo., Public Law 94-142 (federal), Title I, II, IV and V, Title II-Work Force Investment Act/Adult Education and Literacy, Supreme Court decisions regarding offender libraries (federal)

3. Are there federal matching requirements? If yes, please explain.

No. There are no matching requirements, however the federal government does require "maintenance of effort" which means that the state must spend at least as much on education each year as in the previous year.

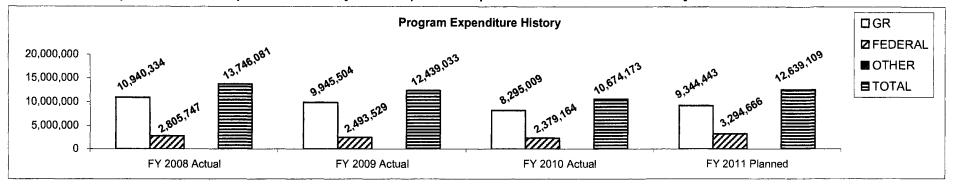

4. Is this a federally mandated program? If yes, please explain.

Federal Supreme Court decisions require the provision of "access to courts" through the provision of legal resources, reference material provided in the offender libraries and self-improvement materials. Offenders under age 22 who qualify as special needs children under provisions of part B of the Federal Individuals with Disabilities Education Act (IDEA), must be provided a Free and Appropriate Public Education (FAPE).

1. What does this program do?

This program provides post-secondary work-related skills training for offenders who have obtained a high school diploma or equivalent. The Department has a work-based approach to skills training that prepares offenders for employment after release. The Department provides a comprehensive training program that prepares offenders to secure meaningful employment upon release from prison. Training courses include skills such as welding, auto mechanics, culinary arts, cosmetology, and technical literacy, which include computer skills. The Department identifies industry-specific skills required of entry-level workers to ensure that training provides required competencies for employment. Department of Labor certificates are awarded for program completion, facilitating employment upon release.

The Missouri Department of Corrections operates 21 adult correctional centers in communities throughout the state. These 21 institutions incarcerate more than 30,000 offenders at any given time. The Division of Adult Institutions employs approximately 8,000 staff in their correctional institutions. The staff work in many different functional areas performing duties related to custody and security, case managment, offender programming, food preparation, institutional maintenance, offender recreation, fiscal management, personnel services, offender record keeping, storekeeping/warehouse services and mailroom services. The staff performing these functions and others are all working to ensure that offenders sentenced to the Department's custody by the courts are confined in a secure, safe and humane manner and that they are provided programs and services to assist them in becoming productive citizens.

2. CORE DESCRIPTION

Department

Corrections

The Offender Population Growth Pool provided funds to pay for additional costs associated with any increase in the offender population sentenced to be supervised by the Department of Corrections. These funds were provided as Personal Services and/or Expense and Equipment in order that services for offenders are provided in the most cost-effective and efficient manner.

Funds were used to pay for the costs of saturation housing, correctional institutions, or for community supervision staff and services. Funds from this appropriation were used for 37 Probation and Parole Officer II's who were added in FY04 because of the successful diversion of offenders from prison to the community. Two Corrections Classifications Assistant positions were provided to support saturation housing at SCCC and SECC.

In FY12 the Population Growth Pool is being discontinued and Growth Pool PS funding has been reallocated to P&P, SECC and SCCC.

NOTES:

FY10:

In FY10 the Department received a supplemental new decision item to move the Juvenile Unit from Northeast Correctional Center to Western Reception and Diagnostic Correctional Center and was funded with Budget Stabilization Funds. Lapse occurred as a result of delayed implementation.

Through FY03 the Department utilized the Population Growth Pool for the opening and initial operations of new correctional institutions. Since FY04, the Population Growth Pool has been used as a pool of flexible funds that can be used to pay either the increased costs of incarceration or the increase cost of community supervision.

1. What does this program do?

Department:

Corrections

The Missouri Department of Corrections operates 21 adult correctional centers in communities throughout the state. These 21 institutions incarcerate more than 30,000 offenders at any given time. The Division of Adult Institutions employs approximately 8,000 staff in their correctional institutions. The staff work in many different functional areas performing duties related to custody and security, case management, offender programming, food preparation, institutional maintenance, offender recreation, fiscal management, personnel services, offender record keeping, storekeeping/warehouse services and mailroom services. The staff performing these functions and others are all working to ensure that offenders sentenced to the Department's custody by the courts are confined in a secure, safe and humane manner and that they are provided programs and services to assist them in becoming productive citizens.

1. What does this program do?

As of June 30, 2010 there were 73,960 offenders under the supervision of the Division. The caseload supervision level distribution was Assessment 8.27%, Level II 15.80%, Level II 40.40%, Level I 33.50% and 2.02% Absconders. It is significant to note that the number of misdemeanor offenders under supervision again decreased by 74 from 1,251 cases in June 30, 2009 to 1,177 on June 30, 2010. At the same time the number of felony probationers increased by 603 and the number of Parole Board cases increased by 300. The total number of cases served during the past year (FY10) was 111,103 and is projected to stay near that level in FY12.

To address the growing caseloads, the Division has focused on public safety, implementing alternative case management strategies that have maintained the enhanced levels of staff contact with higher-risk offenders while reducing collateral duties and services associated with the supervision of lower-risk offenders. While these strategies were largely successful in redirecting internal resources during this period, the further reduction in supervision services will jeopardize public safety.

The Board has undertaken several significant initiatives using updated risk assessment data developed by the Department's Research and Evaluation Unit on factors closely associated with success/failure under supervision. The emphasis of these initiatives is to review release decisions on cases where the updated assessments were not available at the time of the original hearing. Where the new data suggests that the offender's risk of reoffending could be mitigated by an alternative release strategy the Board can establish a new release date. The increase in institutional release activity has increased the workload on institutional parole offices as well as in the community.

1. What does this program do?

The Office of the Director provides direction and guidance to the Department's divisions and professional workforce to plan, implement and operate the activities necessary to fulfill the goal and objectives of the Strategic Plan. This includes:

- Consultation and coordination with the Executive, Legislative and Judicial branches of state government
- Continued development of responsive and reciprocal relationships with county and local governments
- Communication and interaction with the Department's constituencies including employees, victims, offenders, offender's children and the public

Functions include: the Deputy Director's Office, the Budget and Research Unit, the Grants Management Unit, the Workplace Violence coordinator, the Victim's Services Unit, the Reentry/Women's Offender Program, Restorative Justice coordinator, the Inspector General, the Office of the General Counsel, the Public Information Office and the Legislative and Constituent Services Office.

The Office of the Director oversees the Foster Dog Program which creates partnerships between participating correctional facilities and local community animal shelters at no cost to the Department or the State.

- 2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.) Chapter 217, RSMo.
- 3. Are there federal matching requirements? If yes, please explain.

1. What does this program do?

This core provides funding for the administration and supervision of 21 adult correctional institutions with a projected average daily population of 30,619 incarcerated offenders in FY12. The Division Director has the overall responsibility of administering the correctional institutions and assigned offenders in a secure, safe and humane manner. The Director along with his staff ensures the Division's responsibilities are carried out efficiently and effectively. The Division's responsibilities include:

- · ensuring consistent, uniform application of policy and procedures throughout all the institutions
- · providing supervision to wardens
- developing plans for specific issues impacting the division or specific institutions
- initiating investigations
- · reviewing reports and information from assigned institutions
- reviewing and responding to formal offender grievances
- establishing work release opportunities for eligible offenders
- establishing opportunities for offenders to engage in activities of work and rehabilitative programs
- providing wholesome meals to offenders
- generating management reports to measure institutional activities and performance
- ensuring safety and security operations at each institution

The administration of the Division includes three Deputy Directors who are assigned to supervise Wardens and their institutions in geographical zones throughout the state; a Divisional Security Coordinator and an Assistant to the Division Director whose responsibilities include:

- preparing and managing the overall divisional budget
- overseeing the CTA/CTU, Central Office Grievance Unit and an Employee Relations Specialist
- analyzing and preparing fiscal notes
- assisting in the development of the Department's Strategic Plan

1. What does this program do?

The Missouri Department of Corrections operates 21 adult correctional centers in communities throughout the state. These 21 institutions incarcerate more than 30,000 offenders at any given time. The Division of Adult Institutions employs approximately 8,000 staff in their correctional institutions. The staff work in many different functional areas performing duties related to custody and security, case management, offender programming, food preparation, institutional maintenance, offender recreation, fiscal management, personnel services, offender record keeping, storekeeping/warehouse services and mailroom services. The staff performing these functions and others are all working to ensure that offenders sentenced to the Department's custody by the courts are confined in a secure, safe and humane manner and that they are provided programs and services to assist them in becoming productive citizens.

1. What does this program do?

As of June 30, 2010 there were 73,960 offenders under the supervision of the Division. The caseload supervision level distribution was Assessment 8.27%, Level II 15.80%, Level II 40.40%, Level I 33.50% and 2.02% Absconders. It is significant to note that the number of misdemeanor offenders under supervision again decreased by 74 from 1,251 cases in June 30, 2009 to 1,177 on June 30, 2010. At the same time the number of felony probationers increased by 603 and the number of Parole Board cases increased by 300. The total number of cases served during the past year (FY10) was 111,103 and is projected to stay near that level in FY12.

To address the growing caseloads, the Division has focused on public safety, implementing alternative case management strategies that have maintained the enhanced levels of staff contact with higher-risk offenders while reducing collateral duties and services associated with the supervision of lower-risk offenders. While these strategies were largely successful in redirecting internal resources during this period, the further reduction in supervision services will jeopardize public safety.

The Board has undertaken several significant initiatives using updated risk assessment data developed by the Department's Research and Evaluation Unit on factors closely associated with success/failure under supervision. The emphasis of these initiatives is to review release decisions on cases where the updated assessments were not available at the time of the original hearing. Where the new data suggests that the offender's risk of reoffending could be mitigated by an alternative release strategy the Board can establish a new release date. The increase in institutional release activity has increased the workload on institutional parole offices as well as in the community.

1. What does this program do?

The Department of Corrections proposes to reduce the prison growth rate by working to insure that only chronic, violent and repeat offenders are incarcerated in our existing secure facilities. The Department believes providing a community-based, short-term intervention option to assess, stabilize and monitor offenders at risk for revocation in areas of the State that contribute the most annual prison admissions and revocations is one critical step to reducing this growth rate. The Community Supervision Centers are a method to provide such short-term intervention in the community. In addition to the existing Community Release Centers in St. Louis and Kansas City, the Department has seven Community Supervision Centers to serve the other areas of the State that contribute significant numbers of annual prison admissions and revocations. One of the Community Supervision Centers is a 60 bed addition to the Kansas City Community Release Center dedicated to reducing probation revocations in that city. Ninety percent of the construction costs were paid with federal funding. Each center includes an administrative area to accommodate the existing probation and parole district offices located in that area, as well as sufficient program/classroom areas and dormitory housing space for 30 offenders in need of structured residential supervision. Centers in St. Joseph and Farmington opened in December, 2005 and began receiving offenders for residential placement in early 2006. The Hannibal center opened in December, 2007, and the Kennett center opened in June, 2008. The Fulton, Poplar Bluff and Kansas City centers opened in FY09.

1. What does this program do?

The 350-bed Kansas City Community Release Center and the 550-bed St. Louis Community Release Center are two community-based facilities that assist male and female offenders with reintegration to the community from prison or provide stabilization while they remain assigned under community supervision. The community release centers provide the Department with critical transitional services for offenders supervised in the metropolitan St. Louis and Kansas City areas. The Parole Board stipulates offenders for assignment to the centers based on their need for more structured supervision/assistance during the release process. The centers also provide a means to assess offenders under Parole Board supervision who are at risk for revocation. Finally, the facilities may be used as a more intense supervision strategy for probationers at risk for revocation by the Courts.

2. CORE DESCRIPTION

RSMo 650.058 gives

Department

Corrections

the Department of Corrections the authority to make restitution payments to individuals convicted of a felony in a Missouri court who were later found to be "actually innocent" solely as a result of the DNA profiling analysis. Individuals are to be paid \$50 per day for every day of post-conviction incarceration for the crime for which the individual was found to be "actually innocent." These payments are capped at \$36,500 per year, which constitutes restitution for two years of wrongful incarceration, and are subject to appropriation.

In FY07 the Department was appropriated sufficient funds to begin making these restitution payments to the three individuals who had been exonerated by the DNA profiling system to date. In FY08 the Department identified and paid one more individual who was eligible for restitution. The Department identified one additional eligible individual and received funding to pay two additional individuals in FY09. One person was completely paid off in FY09, reducing the number of offenders to be paid in FY10 to four. Funding was reduced in FY11 to cover the costs of these four individuals.

1. What does this program do?

Senate Bill 1023, which passed in 2006, gave the Department of Corrections (DOC) the authority to make restitution payments to individuals convicted of a felony in a Missouri court who are later found to be "actually innocent" solely as a result of the DNA profiling analysis. The individual is to be paid \$50 per day for every day of post-conviction incarceration for the crime for which the individual was found to be "actually innocent." These payments are capped at \$36,500 per year per individual, which constitutes restitution for two years of wrongful incarceration and are subject to appropriation.

In FY07, the Department was appropriated sufficient funds to begin making these restitution payments to the three individuals who had been exonerated by the DNA profiling system to date. In FY08, the Department identified and paid one more individual who was eligible for restitution. The DOC was given authority to make the payment from the Population Growth Pool. The Department received additional funding for two individuals in FY09 and identified and paid a fifth person that year. One person was completely paid off in FY09, reducing the number of offenders to be paid in FY10 to four.

If other individuals are exonerated and become eligible for restitution, the Department will have to seek additional appropriations. If the Department has more exonerated individuals than the number appropriated for, payments would have to be pro-rated for all individuals, which would lengthen the time required to pay the full restitution required by law. If no additional individuals become eligible for restitution, the current appropriation will need to continue through FY12 at its current level and to FY15 at a reduced level.

NOTES:

FY10:

In FY10 flexibility was utilized throughout the Department in order to meet personal service and expenditure obligations. The Division of Human Services received \$971,900 from other GR appropriations and flexed IRF funds in the amount of \$32,000 from E&E to PS.

FY09:

The other funds lapsed was a combination of vacancies and lower number of requests for repayments to offenders from the Inmate Revolving Fund.

FY08:

The General Revenue lapse in this appropriation was due to vacancies within the Division of Human Services. The other funds lapsed was a combination of vacancies and lower number of requests for repayments to offenders from the Inmate Revolving Fund.

1. What does this program do?

The Office of the Director provides direction and guidance to the Department's divisions and professional workforce to plan, implement and operate the activities necessary to fulfill the goal and objectives of the Strategic Plan. This includes:

- Consultation and coordination with the Executive, Legislative and Judicial branches of state government
- Continued development of responsive and reciprocal relationships with county and local governments
- Communication and interaction with the Department's constituencies including employees, victims, offenders, offender's children and the public

2. CORE DESCRIPTION

This is the core request for the continued purchase of food and food-related supplies for 21 correctional facilities, two (2) community release centers and two (2) cook-chill production facilities operated by the Department of Corrections. Chapter 217.240-2 RSMo requires that all offenders confined in a correctional facility be supplied with a sufficient quantity of wholesome food. The Department of Corrections provides three (3) nutritionally-balanced daily meals to the offender population. The use of a centralized funding pool for food provides the Department with several benefits:

- >allows the Department to manage costs more efficiently
- >allows the Department to accommodate for emergencies
- >allows for the management of temporary changes in institutional population
- >accommodates regional and temporary fluctuations in prices
- >allows for the operations of the regional cook-chill facilities and provides savings from quantity discounts on purchases

Reverted includes Governor's standard 3 percent reserve (when applicable) and any extraordinary expenditure restrictions.

NOTES:

The Food appropriation has an unavoidable lapse every year due to the period at the end of every fiscal year when SAM II is inaccessible due to its closing out one fiscal year and being loaded for the next fiscal year. This means that funds can not be encumbered nor orders placed during this period. Because of the perishable nature of many food products, the Department must place large orders prior to SAM II becoming inaccessible so products can be received during that time period. This product is paid for in the following year and this process generates lapse.

FY10:

In FY10 flexibility was utilized throughout the Department in order to meet personal service and expenditure obligations. Food Purchases flexed \$1,168,020 to other GR appropriations.

FY09:

Federal funds lapsed due to the loss of the ability to use some federal funds for food and a decrease in the amount of reimbursements received from the U.S. Department of Agriculture School Lunch Program.

FY08:

The Department requested supplemental funding for food. However, there was still a small unavoidable lapse due to funds that have to be encumbered to order food for deliver in the next fiscal year. Federal funds lapsed due to the loss of the ability to use some federal funds for food and a decrease in the amount of reimbursements received from the U.S. Department of Agriculture School Lunch Program.

2. CORE DESCRIPTION

Public safety is improved and risk of liability is reduced when the employees of the Department are trained to provide effective correctional services. The Department of Corrections' three regional training centers provide for the professional and personal development of all departmental staff. The Department provides:

- >280 hours of pre-service training for all uniformed staff
- >120 hours of pre-service for institutional non-custody staff
- >192 hours of pre-service for Probation and Parole staff
- >40 hours of in-service training for all staff.

Additionally, the Department offers 40 hours training to new supervisory/management personnel and 16 hours of personal safety training to each Probation and Parole officer.

2. CORE DESCRIPTION

The Employee Health and Safety Section ensures Department staff work in a safe and healthy environment by testing and treating for communicable diseases including provision of vaccines; providing personal safety equipment for staff; coordinating staff drug testing; and promoting safety and wellness activities. The section addresses health and safety issues that arise in a correctional setting. For example, tuberculosis (TB) cases occur overall at least three (3) times more often in prison than in the general population. In 1990, the Missouri Department of Corrections TB case rate was 12 times the general adult population. TB case rates are currently the same as the state general population due to the TB control protocol developed in conjunction with the Department of Health and Senior Services. TB testing is mandated under Chapter 199.350 RSMo and 10CSR 20-20.100. The Department supervises a substantial number of individuals who have a high probability of engaging in behaviors that have been identified as "high risk" for the transmission of Hepatitis B and other blood borne pathogens. Correctional staff is at risk for occupational exposure to Hepatitis B. Chapter 292.650 RSMo mandates Hepatitis B vaccinations for "at risk" state employees. Chapter 192 RSMo and 19CSR20-20.092 mandate personal protective equipment for employees.

NOTES:

FY10:

In FY10 flexibility was utilized throughout the Department in order to meet personal service and expenditure obligations. Employee Health and Safety received \$39,000 from other GR appropriations.

FY09:

The Department received an increase in funding for FY09 due to the increasing costs of petroleum-based items such as rubber gloves and the increasing cost of vaccines.

2. CORE DESCRIPTION

The Department has a statutory and constitutional obligation to incarcerate offenders in housing that protects their fundamental human rights. To maintain constitutional conditions of confinement, the Department must procure sufficient supplies, equipment and services to support an estimated average daily population of 31,401 offenders in FY12. The Institutional Expense and Equipment Pool are used to purchase population-driven items such as: clothing, bedding, linens, towels, washcloths, mattresses and paper and hygiene supplies. This appropriation is also used to provide operating funds for facility-wide needs such as: automotive repair, gasoline, cleaning supplies and grounds maintenance. Pool funds also provide corrections-specific use items and expenses such as: security equipment, inmate restraint devices and personal protection equipment (i.e. body alarms, armor and radios). This pool funds the above listed items for 21 adult correctional centers and 2 community release centers..

1. What does this program do?

Department:

Corrections

The Missouri Department of Corrections operates 21 adult correctional centers in communities throughout the state. These 21 institutions incarcerate more than 30,000 offenders at any given time. The Division of Adult Institutions employs approximately 8,000 staff in their correctional institutions. The staff work in many different functional areas performing duties related to custody and security, case managment, offender programming, food preparation, institutional maintenance, offender recreation, fiscal management, personnel services, offender record keeping, storekeeping/warehouse services and mailroom services. The staff performing these functions and others are all working to ensure that offenders sentenced to the Department's custody by the courts are confined in a secure, safe and humane manner and that they are provided programs and services to assist them in becoming productive citizens.

1. What does this program do?

The 350-bed Kansas City Community Release Center and the 550-bed St. Louis Community Release Center are two community-based facilities that assist male and female offenders with reintegration to the community from prison or provide stabilization while they remain assigned under community supervision. The community release centers provide the Department with critical transitional services for offenders supervised in the metropolitan St. Louis and Kansas City areas. The Parole Board stipulates offenders for assignment to the centers based on their need for more structured supervision/assistance during the release process. The centers also provide a means to assess offenders under Parole Board supervision who are at risk for revocation. Finally, the facilities may be used as a more intense supervision strategy for probationers at risk for revocation by the Courts.

2. CORE DESCRIPTION

This request is in accordance with Chapter 105.935 RSMo, which requires state agencies to pay-off all non-exempt 24/7 institutional employees' compensatory time balances annually. Chapter 105.935 RSMo also states that all non-exempt 24/7 institutional custody employees may receive payment for compensatory time balances (a minimum of 20 hours) monthly upon request. Statute also states that state agencies must budget all funds for payments of compensatory time to those designated employees in one House Bill section. This request will allow the Department to comply with that statute.

Depending upon availability of funds, this appropriation is also used to pay compensatory time balances to other Department staff not expressly identified in Chapter 105.935 RSMo.

NOTES:

FY10:

This appropriation was cut significantly in FY10 due to budget constraints.

In FY10 flexibility was utilized throughout the Department in order to meet personal service and expenditure obligations. Comp-Time flexed \$85,000 to other GR appropriations.

FY09:

The Department used the Other Funds "E" appropriation flexibility in FY09 to meet overtime payment obligations.

The Missouri Department of Corrections operates 21 adult correctional centers in communities throughout the state. These 21 institutions incarcerate more than 30,000 offenders at any given time. The Division of Adult Institutions employs approximately 8,000 staff in their correctional institutions. The staff work in many different functional areas performing duties related to custody and security, case management, offender programming, food preparation, institutional maintenance, offender recreation, fiscal management, personnel services, offender record keeping, storekeeping/warehouse services and mailroom services. The staff performing these functions and others are all working to ensure that offenders sentenced to the Department's custody by the courts are confined in a secure, safe and humane manner and that they are provided programs and services to assist them in becoming productive citizens.

1. What does this program do?

The Central Transfer Authority (CTA) reviews and evaluates all recommendations for inmate classification and transfer between institutions. The unit provides daily monitoring and reporting of inmate population and assignment activities. They also engage in the planning, implementation and monitoring of the inmate classification process.

The Central Transportation Unit (CTU) is responsible for the return of parole violating offenders, within and outside of the state, to the Missouri Department of Corrections. They are also responsible for the transportation of Missouri Interstate Compact offenders to/from prisons throughout the United States.

1. What does this program do?

This program provides appropriate treatment for offenders with drug-related offenses and substance abuse histories. The Department has established a continuum of care with a range of evidence-based services that include: diagnostic center screening; clinical assessment and classification; institutional substance abuse treatment services; intake, assessment and relapse and education services at Transitional Housing Units located at Moberly Correctional Center and Eastern Reception and Diagnostic Correctional Center; assessment and substance abuse education services for offenders referred to the Prisoner Reentry program; and case management and referral services for offenders in treatment programs whose release to the community is pending. Additionally, the Department of Corrections provides contract oversight and quality assurance monitoring for institutional programs, as well as program research and evaluation. Finally, Substance Abuse Services works in a close partnership with the Department of Mental Health Division of Alcohol and Drug Abuse to facilitate timely continuing care when offenders are released from prison to Probation or Parole supervision.

1. What does this program do?

As of June 30, 2010 there were 73,960 offenders under the supervision of the Division. The caseload supervision level distribution was Assessment 8.27%, Level II 15.80%, Level II 40.40%, Level I 33.50% and 2.02% Absconders. It is significant to note that the number of misdemeanor offenders under supervision again decreased by 74 from 1,251 cases in June 30, 2009 to 1,177 on June 30, 2010. At the same time the number of felony probationers increased by 603 and the number of Parole Board cases increased by 300. The total number of cases served during the past year (FY10) was 111,103 and is projected to stay near that level in FY12.

To address the growing caseloads, the Division has focused on public safety, implementing alternative case management strategies that have maintained the enhanced levels of staff contact with higher-risk offenders while reducing collateral duties and services associated with the supervision of lower-risk offenders. While these strategies were largely successful in redirecting internal resources during this period, the further reduction in supervision services will jeopardize public safety.

The Board has undertaken several significant initiatives using updated risk assessment data developed by the Department's Research and Evaluation Unit on factors closely associated with success/failure under supervision. The emphasis of these initiatives is to review release decisions on cases where the updated assessments were not available at the time of the original hearing. Where the new data suggests that the offender's risk of reoffending could be mitigated by an alternative release strategy the Board can establish a new release date. The increase in institutional release activity has increased the workload on institutional parole offices as well as in the community.

1. What does this program do?

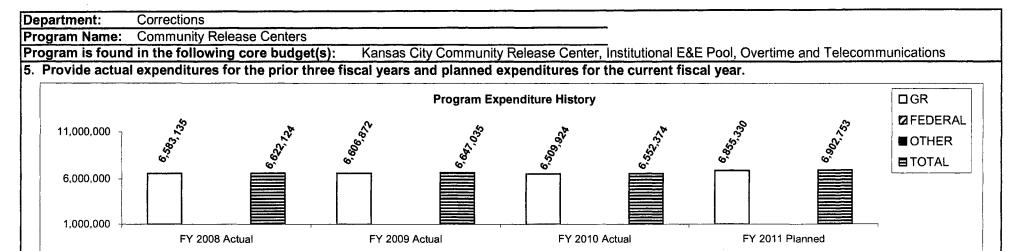

The 350-bed Kansas City Community Release Center and the 550-bed St. Louis Community Release Center are two community-based facilities that assist male and female offenders with reintegration to the community from prison or provide stabilization while they remain assigned under community supervision. The community release centers provide the Department with critical transitional services for offenders supervised in the metropolitan St. Louis and Kansas City areas. The Parole Board stipulates offenders for assignment to the centers based on their need for more structured supervision/assistance during the release process. The centers also provide a means to assess offenders under Parole Board supervision who are at risk for revocation. Finally, the facilities may be used as a more intense supervision strategy for probationers at risk for revocation by the Courts.

1. What does this program do?

The Department of Corrections proposes to reduce the prison growth rate by working to insure that only chronic, violent and repeat offenders are incarcerated in our existing secure facilities. The Department believes providing a community-based, short-term intervention option to assess, stabilize and monitor offenders at risk for revocation in areas of the State that contribute the most annual prison admissions and revocations is one critical step to reducing this growth rate. The Community Supervision Centers are a method to provide such short-term intervention in the community. In addition to the existing Community Release Centers in St. Louis and Kansas City, the Department has seven Community Supervision Centers to serve the other areas of the State that contribute significant numbers of annual prison admissions and revocations. One of the Community Supervision Centers is a 60 bed addition to the Kansas City Community Release Center dedicated to reducing probation revocations in that city. Ninety percent of the construction costs were paid with federal funding. Each center includes an administrative area to accommodate the existing probation and parole district offices located in that area, as well as sufficient program/classroom areas and dormitory housing space for 30 offenders in need of structured residential supervision. Centers in St. Joseph and Farmington opened in December, 2005 and began receiving offenders for residential placement in early 2006. The Hannibal center opened in December, 2007, and the Kennett center opened in June, 2008. The Fulton, Poplar Bluff and Kansas City centers opened in FY09.
